

Coupon Policy

Coupons are a great way to save extra money when shopping with us, and we have made it easy to use them at our store.

When accepting coupons, Jungle Jim's uses the following guidelines:

- Jungle Jim's accepts manufacturer coupons (original only; no photocopies accepted).
- Jungle Jim's does not accept internet coupons (no computer-generated coupons).
- Coupons must have a printed expiration date; we do not accept expired coupons.
- Jungle Jim's reserves the right to limit quantities of coupons.
- If the value of the coupon is more than the price of the item after discounts or coupons are applied, the value of the coupon will be applied up to the price of the item.
- Jungle Jim's does not apply the excess value of a coupon to the order total if the value of the coupon is over the price of the item after discounts or coupons are applied. (For example, a \$5.00 coupon for a \$4.99 item will result in a \$4.99 coupon value)
- Jungle Jim's only accepts coupons for products carried in our stores.
- All coupons should be given to the cashier while you are checking out and cannot be applied to a previous purchase.
- Jungle Jim's does not double any coupons.
- Coupons and their face value cannot be exchanged for cash or gift cards.
- Competitor coupons are not accepted at Jungle Jim's.
- Jungle Jim's does not currently accept coupon barcode images displayed on a smartphone, iPhone, Droid, etc.
- Jungle Jim's reserves the right to process coupons in any order.
- Jungle Jim's does not accept multiple coupons for a single item.
- When items are featured in a Buy One, Get One Free promotion, up to two coupons can be used against the items being purchased, as long as the net price does not go below zero for the items being purchased. Sales tax must be paid for any Buy One, Get One Free coupon offers, if required by applicable state laws.
- Any coupon offer not covered in these guidelines will be accepted at the discretion of Jungle Jim's management.
